## Ann's Original & Boothe Molds

*Ann Original Mold Co.*

**B**oothe  
Mold  
**C**ompany

***There is a 5% mold packing charge for molds needing shipped from our warehouse.***

### **Holiday Closing**

We will be closed for Christmas vacation from Wednesday, December 21 through January 2. We will reopen on Tuesday, January 3.

### **Gare Molds**

Gare has advised us that they are no longer going to be producing molds. They have also told us that they will not fill the mold orders we gave them on December 2. Therefore we will be unable to supply the Gare molds ordered from us during our November sale. We apologize for this situation but have no success trying to convince Gare to fill our orders. Effective immediately we will no longer be able to accept orders for Gare molds. Without molds we will not be able to meet Gare's minimum order requirements so we therefore will no longer stock their colors. The Gare colors we have in stock will be on sale at 50% off beginning January 3.

### **John's Slip Correction**

In error our last newsletter indicated our boxed John's Slip increased 10 cents per gallon. The increase is actually 15 cents per gallon on boxed and 10 cents per gallon on bulk.

### **Kemper Price Increase**

Kemper has announced a price increase on select items effective January 1, 2006.

### **Paragon & Skutt Price Increases**

Paragon and Skutt have both announced price increases on their kilns and replacement parts for January, 2006. If you are considering a kiln purchase it would be wise to decide prior to our Christmas closing date of December 20.

## New Releases
